Daily Journal Selects
Jennifer Keller
To Prestigious List of
“Top 100 Lawyers in California”
For 17th Time

IRVINE, CA, September 4, 2024 --- Keller/Anderle LLP is pleased to announce that Jennifer Keller has been named to "The Top 100 Lawyers in California," as selected by the *Los Angeles and San Francisco Daily Journals*. This is Keller's seventeenth appearance on the list.

According to the *Daily Journal*, the Top 100 is an exclusive list of "the most powerful lawyers in California." Per [Kay Anderle](#), managing partner, "This recognition is a testament to the success our partners have achieved in winning high-stakes jury trials across different subject areas."

Jennifer Keller

[Jennifer Keller](#) is one of America's most successful trial attorneys, having tried over 100 jury trials to verdict as lead or co-lead counsel. She represents both plaintiffs and defendants in a broad range of high-stakes commercial litigation and white-collar cases.

Jennifer is a Fellow of the invitation-only American College of Trial Lawyers, considered to be among the highest honors a North American trial attorney can receive. *Chambers USA* and *Chambers Global* rank her in Band 1 for both Commercial Litigation and Trials (of all types).

[Keller/Anderle LLP](#) is among the premier trial firms in the United States, handling high-stakes jury trials of all types, including commercial, intellectual property, securities, bad faith, white collar, real estate, antitrust, entertainment/sports, legal malpractice, insurance recovery/bad faith, trusts and estates litigation, and partnership/shareholder disputes. The firm represents individuals, closely-held corporations, and some of the nation's largest corporations. Keller/Anderle LLP attorneys have won over \$1 billion in verdicts and judgments for plaintiffs, and successfully defeated high stakes claims in the hundreds of millions. Unique among law firms handling high profile, bet-the-company business cases is that both name partners are women and the firm is entirely women-owned.
